ISDN30

Scaleable Voice Solutions

Discover a solution that really keeps up with your business. ISDN30 is a scalable, future-proof platform designed to evolve alongside your needs. This competitively priced solution delivers the resilience and quality that businesses require.

ISDN30 also enables you to move onto SIP as your business grows and is compatible with all leading brands of Phone System technology.

How will our ISDN30 Solutions benefit your Business ?

A competitively priced solution

Our ISDN30 service is competitively priced & could save you up to 40% compared to other providers such as BT, helping to keep telephony costs and overheads low. There's also no charge for DDI set up, planning fees, out-of-area numbering & itemised billing.

Easy transition and savings

Our ISDN30 provides a simple path to future IP telephony with an uncomplicated migration route. Once in place, the service delivers long-term value with scalability and flexibility. ISDN30 is also compatible with all leading brands of phone system technology.

Ideal For

- Medium and large enterprises.
- Businesses with a call centre or customer service function.
- Enterprises looking for an affordable ISDN solution that will grow in line with their business.
- Customers that want a clear path to future IP telephony.
