LINES & CALLS

Essential Business Products at Market Leading Prices

Make it easier to manage your telecom costs with our lines and calls package. With our bespoke solutions we can provide your business with a best-fit, competitive solution.

Based on your objectives, usage requirements and budget we'll recommend a package that provides the best commercial and operational fit. Our future-proof solutions will give your business the flexibility to add new sites and expand their services as and when your needs evolve.

How will our Lines and Calls Solutions benefit your Business ?

Lower overheads at manageable costs

Our Never Beaten on Price Guarantee ensures you'll always get the best possible price from us. One of our experts will review your requirements and work with you to find the best fit for your business.

Flexible billing options

We make it easy to identify potential savings flexible billing options from businesses as a whole-right through to department level. Our customers also have the option of reviewing their call statistics, making it easier to review the volume of calls, the costs and how they can be managed more effectively.

Ideal For

- Businesses that want to reduce their lines and call costs.
- Business - critical sites where maintaining a connection is essential.
- Companies that want access to a wide range of additional services without having to change their business number or phone system.

business with.**

Guardian Concepts

A best-fit solution

Our Lines and Calls packages offer real flexibility with a vast choice of products and services that already serve thousands of businesses, big and small across the UK. We provide traditional services right the way through to the latest technology which includes; Standard Analogue Lines, ISDN2, ISDN30, SIP-based ISDN30 and Voice over Ethernet.

Peak performance

We take a collaborative approach to ensure that your solution performs at its peak. Our experts provide insightful day-to-day support and specialist advice to deliver the highest levels of service and identify any potential improvements.

Seamless migration

Migrating your Lines and Calls is simple and seamless. There are no engineering changes or site visits, we simply manage the whole transfer and complete it in as little as 10 days. You can even bring your numbers with you for total service continuity.

A future-proof investment

We can provide a Lines and Calls service wherever you are in the UK and add new lines to your premises at extremely competitive rates.

Why us?

- Our mission is to deliver reliable and innovative solutions that meet your needs.
- Our pedigree assures that we will consistently go above & beyond to meet these needs. It's in our culture & our people are totally committed to it.
- We are a performance benchmark and a trusted brand in the business community.
- Our people are inspired to continuously improve their knowledge, skills and performance to deliver great service.
- We will deliver this service by behaving and operating with integrity in our customer relationships, in a warm professional manner.
